7. If an application is denied, a written statement of reasons for denial shall be given to the employee. Said reasons shall not be subjects of grievance under the procedures established in this Agreement.

8. To be eligible for transfer, an employee shall be willing and able to fill the position at the time it becomes vacant.

ARTICLE 15

STAFF REDUCTION PROCEDURES

A. Coverage.

All employees under this Agreement.

B. Termination and Reduction.

1. Whenever the Employer abolishes or reduces a position and the reduction cannot be accomplished by attrition, the services of the employee having the least seniority in the system within the tenure of the grade span or the department affected, shall be terminated or reduced first unless no other present employee holds qualifications for the position.
2. If two or more employees hold identical seniority, the decision shall be made by the Superintendent.
3. Staff reduction procedures shall operate within the following grade spans and departments: K-6; departments, K-6; and 7-12 departments.

C. Notification.

1. The Employer shall provide written notice on or before April 30 to each employee whose employment is to be terminated due to staff reduction.
2. The effective date of the termination shall be the last day of the contract year.

D. Seniority.

1. Seniority shall be measured in terms of years of continuous employment in this system from the date the employee's first contract was signed and returned by the employee, and time stamped by the employer.
2. On or before the first day of October of each year, the Association shall receive a seniority list of all bargaining unit members. The list of names shall be ranked by grade span and departments.
3. Leave(s) of absence granted to an employee by the employer shall not be considered as interruptions of continuous employment under terms of this Agreement.
4. Beginning in the 1995-96 contract year, all federally funded elementary employees under this Agreement may declare a second seniority designation in one other elementary grade span or department as listed in B-3 above. This declaration shall be referred to as a shadowed seniority.

If more than one (1) employee enters the same elementary grade span or department as a shadow for the same contract year, ranking will be determined by the existing District seniority of the involved employees. Shadowed employees must maintain certification in the shadowed area or lose their shadowed status. A teacher may have shadowed status in only one elementary grade span or department at a time.

Shadowed seniority may only be used by the employee if their current grade span or department experiences a position reduction resulting in the loss of their employment. Shadowed seniority status becomes active with the teacher's request for activation. When a shadowed employee becomes active in the shadowed grade span or department, the ranking of all other employees in that grade span or department, whether shadowed or not, shall remain the same.

Nothing in the shadowed seniority process should be interpreted or result in the reduction of an employee's current graded or department seniority or security.

In determining whether to grant a request for transfer to a shadowed seniority department, the employer shall consider the applicant's certification, seniority, and qualifications. If an application is denied, a written statement of reasons for denial shall be given to the employee.

E. Recall.

1. An employee terminated pursuant to this Article shall be eligible for recall for a period of two (2) years from the effective date of termination. The most qualified employee with recall rights and greatest seniority shall be recalled first.
2. In evaluating a former employee for possible recall, the Employer shall consider the needs of the District, the employee's qualifications, and seniority.
3. A recalled employee shall be placed on that step of the salary schedule where he/she would have been the next year following his/her termination, if said termination had not taken place. Policy governing horizontal movement on salary schedule shall prevail.
4. An employee recalled under the provisions of this Article shall retain the seniority he/she held at the time of termination due to staff reduction.

F. Loss of Rights.

1. If an employee is recalled to a less-equivalent (in time) position than the one he/she held at the time of termination, he/she may refuse the call without loss of recall rights. However, if the recall is accepted, the recall right of the employee has been satisfied.
2. If an employee is recalled to an equivalent (in time) position and elects not to accept the recall, his/her right to recall shall be forfeited. Written documentation of recall notice

and declining of the position offered shall be placed in the employees file for future reference.

3. An employee shall lose all right to recall under the terms of this Agreement if he/she does not exercise such right within ten (10) calendar days following the mailing of his/her notification of recall by certified mail.
4. The Association shall be furnished a copy of each letter of notification of recall issued by the employer.
5. It shall be the responsibility of an employee terminated through staff reduction to keep the Employer informed at all times of his/her address.

B. Advancement on Salary Schedule.

1. Increments.

An employee on the salary schedule shall be granted one increment on the schedule for one year of service. A year of service is defined as employment for a minimum of one semester during a contract year.

2. Horizontal Advancement.

- a. To qualify for horizontal advancement, an employee, on or before April 1, shall file with the Superintendent a notice of intent to qualify for horizontal advancement on the salary schedule for the next contract year.

To advance horizontally on the salary schedule, an employee shall file transcripts with the Superintendent which certify that the required college or university credits have been earned. The transcripts shall be filed not later than thirty (30) days after the beginning of the contract year.

- b. Twelve (12) semester hours of college or university credit, earned after the baccalaureate degree is granted, is required for advancement from the BA to BA+12 lane.

- c. Twenty-four (24) semester hours of college or university credit, earned after the baccalaureate degree is granted, is required for advancement from the BA+12 to the BA+24 lane.

- d. A Master's degree with a major in one of the employee's teaching areas, a Masters program approved by the Superintendent, or a bachelors degree plus thirty-six (36) semester hours of college or university credit earned after the baccalaureate degree in his/her teaching area is required for advancement to the MA/BA+36 lane. An employee with a masters degree with a major not in the employee's teaching area or in a non-approved Masters program will be recognized on the salary schedule if the employee has earned thirty-six semester credit hours in his/her teaching area.

e. Fifteen (15) semester hours of college or university credit, earned after a master's degree recognized on the Salary Schedule is granted, is required for advancement from the MA to MA+15 lane.

f. Thirty (30) semester hours of college or university credit, earned after a master's degree recognized on the Salary Schedule is granted, is required for advancement from the MA15 to MA30 lane.

g. To qualify for advancement to the BA+12 and/or BA+24 lanes, hours earned must be in the employee's teaching area or related to his/her teaching assignment. All hours shall be submitted to the Superintendent for final approval.

h. Employees desiring advancement on the salary schedule shall submit a description of proposed coursework to the Superintendent for approval prior to registering for said course(s).

C. Extra Duty Assignment.

1. a. If a secondary teacher teaches a skinny class that entails the use of half of his/her planning period, the teacher shall be paid an overload based upon the following formula: Number of minutes for class divided by 8 hour day = percentage of overload, paid on the teacher's step and lane. Example: 42 minute class/480 minutes = 8.75% of the day; teacher's salary is \$27,000, so extra pay would be \$2,363 for the year long skinny class. If the skinny class would be for only a semester, the amount would be half of the calculation.

b. If a principal asks a teacher to cover another teacher's class, and the teacher loses his/her planning period to do so, the teacher will be paid \$18 per diem.

2. Employment Experience Program Coordinator.

Salary for a semester will be determined on the following formula. Based on a minimum of two on-the-job visits per quarter. Student load established two (2) weeks after beginning of each semester.

$$\text{No. of Students} \times 4 \times \$12.50 = \text{Additional Salary}$$

D. Mini-Contracts.

Mini-contract salaries will be paid according to the following formula:

$$\$350 = \text{Salary for each week of work under approved mini-contract.}$$

E. Extended Contract.

Salary for an extended contract shall be computed with the following formula:

$$\frac{\text{No. of Additional Months}}{9} \times \text{Salary on Schedule} = \text{Additional Salary}$$

An existing extended contract not conforming to this formula will continue in full force and effect so long as the present incumbent retains the position.

F. Activity Assignments.

The intent is that extra-curricular activities and clubs meet with their sponsors/advisors outside of the regular school day. Exceptions are to be approved by the building administrator. An employee who accepts an assignment to perform duties at an activity held after normal school hours and has not been otherwise compensated for performing such duties shall be paid at the rate of \$15.00 per activity.

G. Salary Installments.

1. Employees may elect to receive their annual salary in either ten (10) or twelve (12) equal monthly installments beginning in September of any fiscal year.

An employee shall not be reimbursed for such mileage if a school vehicle is available for use and the employee chooses not to use the school vehicle.
